MOTIONS

39. Nuclear Power Rejection *(Notice given 29 November 2005)*

Continuation of remarks Hon Louise Pratt - mins 17 (Wednesday, 21 June 2006) on the motion of Hon Ken Travers as follows -

That this House -

(1) Rejects nuclear power as a viable alternative for addressing climate change on the basis that -

(a) it is too expensive compared to alternative strategies;

(b) it does not address the problem quickly enough;

(c) it produces waste for which there is no viable means of storage;

(d) it assists in the proliferation of nuclear weapons and increases the risk of terrorism; and

(e) there are only limited sources of high grade resources identified.

(2) Opposes a nuclear waste storage facility being developed in Western Australia due to there being numerous technical and social issues that have not been addressed and will transfer significant risks to future generations.

(3) Believes that the mining of uranium will significantly increase the pressure for a waste storage facility to be introduced in Western Australia and therefore supports the Government ban on the mining of Uranium.

Sessional Order 6(2) suspended (Tuesday, 27 June 2006) to enable the House to consider the motion until 4.15pm on Wednesday, 28 June 2006.

40. Funding for Infrastructure and Development *(Notice given 15 March 2006)*

Hon Nigel Hallett: To move -

That this House condemns the State Government for its failure to provide adequate funding for vital infrastructure and development in rural and regional Western Australia.

41. Mental Health Funding *(Notice given 11 April 2006)*

Hon Helen Morton: To move -

That this House applauds the Australian Government for contributing $1.8 billion of new funding to a five year plan and a commitment to reform mental health in Australia, and calls upon the State Government to match the commitment and outline its new funding contribution for mental health reform in areas of State responsibility.

42. Finance Brokers Scandal *(Notice given 11 May 2006)*

Hon Anthony Fels: To move -

(1) That this House express its concern -

(a) at the plight of those retirees and others who have been so badly affected by the Finance Brokers Scandal; and

(b) at the inordinate length of time that has passed, since the Government was elected, without there being any substantial satisfaction of the claims of those affected.

(2) In particular, this House notes that -

(a) over 200 mainly elderly retirees affected by the Finance Brokers Scandal have died since 10 February 2001;

(b) seven finance brokers, borrowers and others, who were responsible for these losses, have been jailed and a number of others are presently before the Courts or under investigation;

(c) the then Labor Opposition (prior to 10 February 2001) and the Labor Government appointed Royal Commission into the Finance Broking Industry both condemned the Finance Brokers Supervisory Board for being incompetent;

(d) the same total amount of loss of approximately $130m remains outstanding in 2006 as was outstanding in February 2001; and

(e) many of the mainly elderly retirees have been effectively abandoned by this Government and consequentially condemned to a life of poverty or economic hardship.

(3) That this House urges the Government to take a bi-partisan approach and honour the promise made to these mainly elderly retirees to facilitate a speedy and equitable mediation process to:

(a) determine the merits or otherwise of the claims against the Finance Brokers Supervisory Board;

(b) determine whether the Finance Brokers Supervisory Board is liable for the losses; and

(c) determine a fair quantum for settlement of the claims, in the event that the Finance Brokers Supervisory Board is found to be liable.

(4) This House urges the Government to lay down a time table for the mediation process and for it to pledge its full co-operation and commitment to fund the State Solicitor's Office to engage in and facilitate a speedy, transparent and meaningful mediation process.

43. School Based Apprenticeships *(Notice given 24 May 2006)*

Hon Peter Collier: To move -

That in recognition of the communiqué from the February 2006 Council of Australian Governments (COAG) meeting that legislative, regulatory and education barriers to school based apprenticeships be removed from all jurisdictions by 31 December 2006, this House encourages the Government to urgently establish school based apprenticeships.

44. Greenhouse Gas Emissions Reduction *(Notice given 1 June 2006)*

Hon Giz Watson: To move -

That this House calls on the State Government to -

(1) Develop binding targets for emissions reduction to set us on the path of achieving the cuts required to avoid dangerous threats to the climate.

(2) Support these targets with funding and policy measures.

(3) Maximise the economic opportunities available through innovation, and large scale investment programs aimed at greenhouse gas reduction.
