

ABORIGINAL CULTURAL HERITAGE ACT DOCUMENT — POLICE INQUIRIES

79. Ms L. METTAM to the Minister for Police:

I have a supplementary question. Will the minister commit to obtaining information from police and advising the house in relation to this matter; and, if not, why not?

Several members interjected.

The DEPUTY SPEAKER: Members!

Mr P. PAPALIA replied:

I thank the member for her question—a very strange question. The thing the member is referring to, of which I have no knowledge, would be an operational matter if it were the type of thing that the member is describing; in which case, I would not be aware of it. It is an operational matter and not something that I involve myself with, so I cannot really provide the member with any further advice.
