

WA DEAF SOCIETY — DONATIONS

Statement

HON MARTIN PRITCHARD (North Metropolitan) [5.49 pm]: I enjoyed private members' business today. Thank you very much for everyone's contributions. I put these out on people's desks. If people wish to make a contribution, I suggest members take them with them.

Hon Alanna Clohesy: Describe what you're holding for Hansard.

Hon MARTIN PRITCHARD: Sorry; I am holding up a WA Deaf Society moneybox. They are on members' desks. If members wish to make a contribution, bring them back on 5 September and I will make all the arrangements. I ask members to put their name on their box. Members can donate in another way if they wish. I have already had people make contributions. They suggested I do not have to match their donations. I am looking forward to matching them and my contribution will go to the Language Early Access Program, which is a kids' program at the Deaf Society. I hope members drain my wallet. My wife has already said that her holiday later in the year is at risk. Thank you very much, members.
