

WA COUNTRY HEALTH SERVICE — NURSES

93. Ms L. METTAM to the Premier:

I have a supplementary question. Will the Premier guarantee to the house that every nurse in WA who wants a job with WA Health will be able to get one?

Mr R.H. COOK replied:

Obviously, we welcome nurses who want to take up a great career working in one of the best health systems in the world. That is why we have been recruiting, hand over fist, to make sure that we take the opportunity to ensure we have more nurses working in our system. I expect the health service providers will continue in that vein to make sure they can attract people into our hospitals so that we can continue to provide world-class health care.
