

MINISTERIAL OFFICES — LOCATION, UPGRADES AND EQUIPMENT

6076. Hon Norman Moore to the Parliamentary Secretary representing the Minister for the Environment

In respect to the Minister's Ministerial Office, I ask —

- (1) Where is the office located?
- (2) Has the office been upgraded or refurbished since 2001, and if so, what has occurred and at what cost in each case?
- (3) Has the office acquired any additional equipment, and if so, what and at what cost in each case?
- (4) Has the office replaced any equipment, and if so, what and at what cost in each case?

Hon SALLY TALBOT replied:

- (1) 29th Floor, Allendale Square, 77 St Georges Terrace Perth WA 6000.
- (2) For the current Minister, no costs have been incurred at office.

Costs refers to refurbishments or upgrades in excess of \$1,000 and charged to Office Establishment Costs — Capital.

- (3)-(4) Given no time line has been specified for these questions, the following costs relate to equipment acquired and/or replaced from 1 April 2007 to 30 April 2008.

Office equipment has been defined as machines, IT equipment, desks, chairs and other items that assist with an officer's operational duties.

The items are:

2 Samsung 740N 17" LCD monitors — \$230 each

15 computers have been replaced as part of the Department of Premier and Cabinet's scheduled upgrade program. The average cost of each computer, with a keyboard, monitor and mouse is \$1,250.00 excluding GST. This cost is incorporated into the budget of the Department of Premier and Cabinet.

Office equipment does not include mobile telephones and laptops as this equipment is the subject of other Parliamentary Questions which have been answered previously.
