

TRAINING AND WORKFORCE DEVELOPMENT — PRIORITY START — APPRENTICES

3274. Hon Martin Pritchard to the Leader of the House representing the Minister for Training and Workforce Development:

I refer to the Priority Start building policy, which stipulates contractors' obligation to employ apprentices on Government projects, and I ask:

- (a) in each of the years 2012–13, 2013–14 and 2014–15, how many contracts were required to meet Priority Start obligations; and
- (b) of the contracts in (a):
 - (i) how many contractors met their obligations under the Priority Start building policy;
 - (ii) how many contractors did not meet their obligations under the Priority Start building policy, and on which projects were they contracted; and
 - (iii) what action was taken against the contractors in (b)(ii)?

Hon Peter Collier replied:

(a)–(b) Refer to Legislative Assembly question on notice no 4143.
