

WASTE DISPOSAL AND RECYCLING FACILITIES

6161. Hon Sally Talbot to the Minister for Mental Health representing the Minister for Environment

I refer to the advice of the Minister for Finance given on Wednesday, 22 August 2012 regarding waste disposal and recycling facilities — common-use agreement 36309 (question 575, answer (5)), and I ask —

- (1) Does the Department of Environment and Conservation hold the data on volumes and weight for public waste disposal units?
- (2) If no to (1), who does holds this data?
- (3) If yes to (1), how much of the waste collected under the common-use agreement 36309 is currently diverted from landfill?

Hon HELEN MORTON replied:

- (1) No
- (2) Individual agencies may request this information from their waste or recycling contractor.
- (3) Not applicable.
