22. Ms L. METTAM to the Premier:

I have a supplementary question. How can Western Australians believe any claims a Labor government makes regarding this issue, given Albanese's past form?

Several members interjected.

Ms R. Saffioti: Show some respect! He's the Prime Minister!

The SPEAKER: Order, please!

Mr R.H. COOK replied:

Once again, the member for Vasse is here campaigning and critiquing the federal government. Question time is the member's opportunity to come in here and question us about our performance, not to simply reflect on some sort of political issue that is going on elsewhere. The nature of the member's question sought an opinion from me, and that is not within the standing orders.
