

HOUSING — PILBARA — MACRO REALTY DEVELOPMENTS — MINISTER FOR HOUSING

865. Hon MARTIN PRITCHARD to the parliamentary secretary representing the Minister for Housing:

I refer to the minister's answer yesterday in the other place about meetings with investors or potential investors about projects associated with MACRO Realty Developments and Ms Veronica Macpherson.

- (1) On what date or dates were meetings with investors or potential investors held?
- (2) For each date outlined in (1) —
 - (a) what was the venue or location of the meeting;
 - (b) did any public officer attend any of these meetings; and, if so, in which department, agency or commission did that officer work; and
 - (c) did any member of a government board or commission attend any of these meetings; and, if so, which government board or commission was that person associated with?

The PRESIDENT: I was listening very closely to that question. We all know that standing order 104 prohibits asking questions of ministers in their capacity as a member or in their capacity with a political party. I will get a copy of that question, if I may, and we will let the parliamentary secretary hold the answer until I have had a good look at the question.
