

HILLARYS BEACH

Statement

HON MARTIN PRITCHARD (North Metropolitan) [10.01 pm]: Last Saturday morning I had the pleasure of going down to a beach that this house had a lot of input into freeing up to allow horses to attend. There were about 20 horses down there, along with a cow and a sheep. I was also joined by the Mayors of the Cities of Joondalup and Wanneroo. It was a celebration, and they asked me to pass on their warmest regards to members in this house for allowing them the opportunity to carry out that activity. I pass on my thanks as well.
