

EMERGENCY SERVICES — AFTER-ACTION REVIEWS

942. Hon COLIN de GRUSSA to the Minister for Emergency Services:

I ask this question on behalf of Hon Martin Aldridge, who is away on urgent parliamentary business. I refer to the after-action reviews conducted following a significant emergency event.

- (1) What is the status and expected completion date of the following after-action reviews —
 - (a) tropical cyclone Seroja 2021;
 - (b) Calgardup bushfire Margaret River 2021;
 - (c) severe weather event February 2022 and concurrent level 3 bushfire incidents; and
 - (d) Spotlight Myaree structure fire?
- (2) Please table any completed after-action reviews identified in (1).

Hon STEPHEN DAWSON replied:

It is not in my file today, so I will ask whether it is available. I have seen it previously. I have seen it come in. I do not recall seeing an answer. We will track it down. If I can get it, I will provide it at the end of question time.
