To the Honourable the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

*We the undersigned support an inquiry into and subsequent application of remedies to address concerns regarding the position of and asset condition relating to the Beenyup ocean outfall.*

*We therefore ask the Legislative Council to recommend support of actions requested to, at a minimum conduct a detailed and comprehensive scientific assessment of the situation and where relevant investigate the replacement and extension of the existing outfall asset to a position outside of the fringing reef system.*
