

ROE HIGHWAY STAGE 8

Petition

HON SALLY TALBOT (South West) [3.11 pm]: I present a petition containing three signatures couched in the following terms —

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We, the undersigned residents of Western Australia respectfully request support and state the facts or circumstances leading to the petition.

Your petitioners therefore humbly pray that the Legislative Council will initiate an inquiry into the cost-effectiveness and sustainability of the proposed Roe Highway Stage 8, given the high-conservation value and significant heritage and cultural values of the Bibra Lake/North Lake area, and the expensive and elaborate measures that may be required to avoid impacts to the above values, and to consider possible alternative transport routes to this proposal that may be more cost-effective and sustainable.

And your petitioners as in duty bound, will ever pray

[See paper 205.]
