**To:** Public Administration Committee  
**Subject:** YES to recreational shooting on public land

Dear Ms Mesiti,

As Western Australian resident and sporting shooter I am in favour of opening up carefully selected areas of public land to recreational shooters who have proven their competency to accurately shoot nominated feral animals in areas where the general public are unlikely to visit i.e. away from popular tracks and roads similar to the Bibbulmun track and Munda Bindi trail to avoid unnecessary disturbance of each other's pass time.

Sincerely,

Paul Patterson
