

SUBMISSION to the Joint Select Committee on End of Life Choices Inquiring into the need for laws in Western Australia to allow citizens to make informed choices regarding their own end of life choices.

Submitted by Mr Terrence Ryan, private citizen

Apart from self defence, I oppose any form of legislation which allows someone to kill another person, which is what happens with physician assisted dying.

Improving palliative care is a far more dignified way of helping someone who is suffering.

Experience in other countries has shown that it is impossible to legislate safely for physician assisted dying or euthanasia.

I would like to appear before the Committee to present my case.
