## PETITION TO PROTECT HIGH CONSERVATION VALUE FORESTS AND TRANSITION THE TIMBER INDUSTRY

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled. We, the undersigned, support the McGowan Government's pre-election commitments to 'Immediately conserve High Conservation Value forests' and 'Move to transition the native forestry industry to sustainably managed plantations and farm forestry' and oppose the ongoing logging and clearing of south-west forests. We respectfully request that the Legislative Council enquire into the most effective and timely means to protect High Conservation Value forests and transition the timber industry out of native forests in line with the Government's pre-election commitments. And your petitioners, as in duty bound, will ever pray.
