

SHARK DRUM LINE PROGRAM — STAKEHOLDER CONSULTATION

1457. Hon Lynn MacLaren to the Minister for Fisheries:

- (1) I refer to question No. 103 asked on 26 February 2014 and the Public Environment Review (PER) document for a Western Australian Shark Hazard Mitigation Drum Line Program 2014-2017, and ask if any of the stakeholder consultation referred to in section 3 of the PER document was advertised publically (please give a full details of how it was advertised, including the media outlets used, locations and dates)?
- (2) If it was not advertised, please state why not, given the Government had ample opportunity to conduct public consultation on its drum line strategy between January and June 2014?

Hon Ken Baston replied:

- (1)–(2) The Hon Member is referred to answers to Legislative Council Question on Notice 1425 in regard to this matter.
