

WANNEROO SCHOOLS — FEDERAL ELECTION COMMITMENTS

**404. Mrs L.M. HARVEY to the Premier:**

I refer to Bill Shorten's plan to deliver a fair go for WA, which the Premier endorsed. As the last man standing, will the Premier fulfil his commitment of \$1.96 million for Wanneroo Secondary College, \$600 000 for Wanneroo Primary School and \$510 000 for East Wanneroo Primary School, as promised, or is he happy to let the member for Wanneroo explain to her community why these school commitments are no longer important?

**Mr M. McGOWAN replied:**

Which commitments is the member referring to? Who made those commitments?

**Mrs L.M. Harvey:** The commitment of \$1.96 million —

**Mr M. McGOWAN:** I heard what the member said. Who made the commitments?

**Mrs L.M. Harvey:** You did with Bill Shorten.

**Mr M. McGOWAN:** Obviously, I will seek some advice about what the member is referring to. If I stand next to someone who is making an announcement, that is still their announcement. Honestly, why does the opposition not ask some decent questions? I will get some advice on what the member is referring to and find out exactly what she is referring to. We will examine those matters. Again, the federal election result is there. We understand that federal Labor was unsuccessful. We look forward to holding the federal government to account for any commitments it made to Western Australia.
