

ENVIRONMENTAL COMPLIANCE AUDITS

1856. Mr C.J. Tallentire to the Minister for Environment:

I refer to the Office of the Environmental Protection Authority and ask how many environmental compliance audits were conducted in 2010–2011 and 2011–2012 and up until December 2013?

**Mr A.P. Jacob replied:**

2010–11: 47

2011–12: 55

2012–13: 63

Up to December 2013: 23

Variations on the number of audits completed from year to year are dependent on the complexity of projects audited ranging from LNG Plants to Quarries by way of example.
