

ORD STAGE 2 - LANDCORP

1145. Hon KEN BASTON to the parliamentary secretary representing the Minister for State Development:

I refer to Ord stage 2.

- (1) Is it the intention of the government to use LandCorp in the development of Ord stage 2?
- (2) If yes, what role does the government propose that LandCorp will have in the development of Ord stage 2?

Hon KATE DOUST replied:

I thank the member for some notice of this question.

- (1) LandCorp has been asked by the Ord ministerial committee to prepare preliminary advice on the most efficient way in which land assets can be best used to give effect to government policies in Ord stages 1 and 2.
- (2) Any future role for LandCorp has yet to be formally decided by the ministerial committee.
