1928. Hon Ken Travers to the Minister for Transport

I refer to the Main Roads Asset Investment Program outlined in the 2009/10 State Budget and ask, at the time of the preparation of the Budget —

- (1) Which of the projects listed will receive a Commonwealth contribution?
- (2) How much will the Commonwealth contribute towards the total cost of the project?
- (3) How much will the Commonwealth contribute towards the project in each year of the current budget and over the forward estimates?
- (4) What is the State contribution towards the total cost of the project?
- (5) What is the State contribution towards the project in each year of the current budget and over the forward estimates?
- (6) Has there been any changes to these figures since the Budget was prepared?
- (7) If yes to (6), what are they?
