

GOVERNMENT CONTRACTS — HUAWEI

**509. Mrs L.M. HARVEY to the Premier:**

I have a supplementary question. Can the Premier confirm that the commonwealth Department of Home Affairs has written to his government and expressed concerns beyond the existing contract awarded to Huawei, including the inclusion of an automatic train control system?

**Mr M. McGOWAN replied:**

I am unaware of what the member is referring to. Clearly, the minister is away. When she returns, the member can no doubt ask her these questions.
