

LOCAL GOVERNMENT —ANNUAL COMPLIANCE AUDIT REPORTS

**369. Mr P. PAPALIA to the Minister for Local Government:**

I have a supplementary question. In light of what the minister has just said—that is, that about 59 local governments have failed to comply with the annual compliance audit report requirement—did those local governments receive funds from the \$400 million country local government fund even though they failed to meet that requirement?

**Mr G.M. CASTRILLI replied:**

My information is that they have not received those funds to date.
