

NO-FAULT INSURANCE SCHEME — RESEARCH PROJECT

2. Hon SUE ELLERY to the minister representing the Treasurer:

I refer to the research project commissioned by the Insurance Commission of Western Australia through the University of Western Australia on a no-fault insurance scheme for those acquiring a disability through catastrophic accident.

- (1) When was this research completed?
- (2) When was a report on it provided to either the former or the current Treasurer?
- (3) Will the Treasurer table the report; and, if not, why not?

Hon SIMON O'BRIEN replied:

I thank the honourable member for notice of the question. The Treasurer advises me of the following —

- (1) The research was completed in August 2010. This research was commissioned by the Insurance Commission, not by the government.
- (2)–(3) The current Treasurer has never been provided with a copy of the report and as such cannot table it. The Insurance Commission also advises that the report was inconclusive, did not provide accurate information and has not been relied upon for any further workings.
