

MOWEN FOREST

787. Hon LYNN MacLAREN to the minister representing the Minister for Forestry:

I ask about Mowen forest near Margaret River, which is on the Forest Products Commission's logging list for 2014.

- (1) By product and species, what volume of wood does the FPC anticipate generating from the planned logging of —
 - (a) Mowen 1; and
 - (b) Mowen 2?
- (2) What was —
 - (a) the cost of new roads; and
 - (b) the cost of upgrades to existing roads and tracks for —
 - (i) Mowen 1; and
 - (ii) Mowen 2?
- (3) What was the total cost for construction of log landings?
- (4) When was the most recent dieback survey done in —
 - (a) Mowen 1; and
 - (b) Mowen 2?
- (5) Will another dieback survey need to be done before logging can commence in Mowen 1, and recommence in Mowen 2?

Hon KEN BASTON replied:

I thank the honourable member for some notice of this question.

On behalf of the Minister for Forestry the answer, unfortunately, is that due to the level of information required it is not possible to provide an answer in the time available. I therefore request that the honourable member place this question on notice.
