

WATER CORPORATION — ELLENBROOK WATER TANKS

107. Hon ALANNA CLOHESY to the minister representing the Minister for Water:

I refer to reports that the Water Corporation needs to build two 80-million-litre tanks to supply Ellenbrook and surrounds.

- (1) Does the Water Corporation have the required funding to build these tanks?
- (2) If so, when does the Water Corporation plan to build these tanks?

Hon KEN BASTON replied:

I thank the honourable member for some notice of the question. I respond on behalf of the Minister for Water.

- (1) Yes.
- (2) The Water Corporation plans to construct three new tanks at Ellenbrook over the next 50 years— tank 1 by 2017, tank 2 in 2034 and tank 3 in 2058.
