

**SCARBOROUGH AUTUMN CLUB — FIFTIETH ANNIVERSARY**  
**SCARBOROUGH PRIMARY SCHOOL — SEVENTY-FIFTH ANNIVERSARY**

*Statement by Member for Scarborough*

**MRS L.M. HARVEY (Scarborough)** [4.51 pm]: This week the Scarborough community will be celebrating two significant milestones—the fiftieth anniversary of the Scarborough Autumn Club and the seventy-fifth anniversary of Scarborough Primary School. On Friday, as with every second Friday, the Autumn Club will be hosting a lunch for its members at the Scarborough Community Centre. In order to mark this special occasion, I will join Jack Wilkins, the President of the Autumn Club; Hon Liz Behjat, MLC; and the Mayor of the City of Stirling, Councillor David Boothman, in cutting a celebratory cake acknowledging 50 years of the Autumn Club supporting senior citizens in my local area. On Saturday I will join the Scarborough Primary School community, past and present, to celebrate its seventy-fifth year of providing quality education to students in the local area. This event promises to be a highlight of the Scarborough social calendar, with an art exhibition, activities for children and adults alike, as well as live music from Andrew Winton and the Churchlands Senior High School musicians. The school will also be unveiling the contents of a time capsule buried 25 years ago. I congratulate the principal, Mrs Adele Dawson; the president of the parents and citizens association, Anthony Mazlin; the hardworking Kylie Mann; and all the organising committee for spending countless hours getting ready for this community event.

Both these events are special to the local community, marking the milestones of organisations that have provided so very much to Scarborough. I congratulate these groups on their achievements and look forward to celebrating further milestones with them in the future.
