The projected enrolments above are based on the student enrolments as at Semester 1, 2016 for each school.

The projections for primary schools for 2017 and 2018 take into account existing infrastructure commitments. Primary school sites have been set aside to enable future new schools to provide relief to existing schools expected to come under accommodation pressure in the localities of Ashby/Tapping and Baldivis. Projections for primary school enrolments in 2019 and 2020 do not take into account future infrastructure announcements.

The student projections for Baldivis Secondary College for 2019 and 2020 take into account the impact of the opening of a new secondary school in South Baldivis in 2019.

The projected student enrolments are estimates of the number of students expected to attend public schools and are subject to change.
