

MINISTER FOR AGRICULTURE AND FOOD — ANTI-TRESPASS BILL

1671. Hon Alanna Clohesy to the Minister for Agriculture and Food:

- (1) Does the Minister support Senator Chris Back's anti-trespass Bill?
- (2) Does the Minister have any concerns that the Bill will infringe upon areas that have traditionally been the responsibility of State Governments?

**Hon Ken Baston replied:**

- (1) I support the rights of Western Australian producers and processors being able to carry out their businesses without unreasonable interference and trespass on their properties. I have yet to sight the Bill.
- (2) Until the Bill is completed, I cannot comment.
