

LANDGATE — PEXA SALE

890. Mrs L.M. HARVEY to the Minister for Transport:

I note that the government electioneered on an anti-privatisation agenda. Will the minister now admit that selling PEXA is another broken election commitment and that she has showed utter contempt for the Parliament of Western Australia by informing media outlets of the government's broken promise ahead of informing this Parliament?

Ms R. SAFFIOTI replied:

No.

Mrs L.M. Harvey: Is that it?

Several members interjected.

The SPEAKER: Members!
