

ROADS — WANNEROO ROAD–JOONDALUP DRIVE INTERCHANGE

4025. Mrs L.M. Harvey to the Minister for Transport:

I refer to the Wanneroo Road and Joondalup Drive Interchange project, and I ask:

- (a) does the project include funding for the intersection of Joondalup and Cheriton Drive and if not, why not;
- (b) what is the expected total cost of the Joondalup and Cheriton Drive intersection upgrades;
- (c) does the project include funding for improved access to Drovers Market place and if not, why not;
- (d) what is the expected total cost of roadworks to improve access to Drover's market place;
- (e) does the project include funding for the upgrade of the Joondalup Drive and Clarkson Road interchange and if not, why not; and
- (f) what is the expected total cost of the Joondalup Drive and Clarkson Road interchange?

**Ms R. Saffioti replied:**

- (a) Yes.
- (b) The expected total cost is approximately \$1.2 million.
- (c) Yes.
- (d)–(f) The cost to improve access to Drover's market place is approximately \$1.2 million (new intersection of Wanneroo Road and Clarkson Avenue and connection into Drovers Precinct), which includes costs to be borne by the private land owner.
