

CHILD HEALTH NURSES — SOUTH METROPOLITAN REGION

2876. Mr C.J. Tallentire to the Minister for Health

- (1) How many community child health nurses are allocated for the South Metropolitan Area Health Service – Armadale Health Service; and
 - (a) how many of these nurses are in acting positions; and
 - (b) how many of these nurses are on maternity leave?
- (2) How many school nurses are allocated for the South Metropolitan Area Health Service – Armadale Health Service; and
 - (a) how many of these nurses are in acting positions; and
 - (b) how many of these nurses are on maternity leave?
- (3) How many child development service staff are allocated for the South Metropolitan Area Health Service – Armadale Health Service; and
 - (a) how many of these nurses are in acting positions; and
 - (b) how many of these nurses are on maternity leave?

Dr K.D. HAMES replied:

Note: Child and Adolescent Community Health is no longer part of South Metropolitan Area Health Service — Armadale Health Service. For Questions 1 and 2 the data is for the current Child and Adolescent Community Health Services that aligned to the old Armadale Health Service boundaries: Wungong Health Region (Armadale, Serpentine/Jarrahdale Local Government Authorities (LGA), Gosnells Health Region (Gosnells LGA) and Canning Health Region (Canning LGA). The Armadale Child Development Service (CDS) boundaries include the LGAs of Armadale, Serpentine /Jarrahdale, Gosnells and sections of the City of Canning.

- (1) 19.22 FTE
 - (a) 4.4 FTE
 - (b) 4 FTE
