

ATTORNEY GENERAL — LEGISLATIVE AGENDA

687. Hon MICHAEL MISCHIN to the Leader of the House representing the Attorney General:

I refer to the Attorney General's response to my questions without notice on 13 June and 25 June about several projects and other matters within his portfolio.

- (1) In respect of each of the items of legislation he identified, when was approval from cabinet to draft sought and granted and, where applicable, when was approval to print sought and granted?
- (2) In respect of those matters for which no legislative changes are required, when were instructions to initiate those projects issued, and to whom; and when were final reports or evaluations upon which he made decisions received by him?

Hon SUE ELLERY replied:

Due to the short time frame and detail required, the Attorney General requests that this question be put on notice.
