

JANUBURU SIX SEASONS ESTATE

725. Hon KEN BASTON to the minister representing the Minister for Housing:

My question was directed to the minister representing the Minister for Housing. I hope that the minister is following up on that. I refer to an area of residential dwellings in Broome located within the southern stage of the Januburu Six Seasons estate, developed by LandCorp.

Could the minister please advise how many dwellings in this area are —

- (a) owned by the Department of Communities or associated state government agency;
- (b) managed by the Department of Communities;
- (c) are owned by Department of Communities and managed by a non-government organisation; or
- (d) are otherwise classified as community housing but may not be owned by the Department of Communities or another WA state government agency?

Hon ALANNA CLOHESY replied:

On behalf of the Minister for Environment, I thank the honourable member for some notice of the question. The following information has been provided by the Minister for Housing.

I understand that the area of the Januburu Six Seasons Estate to which the member is referring is stage 4 of LandCorp's development bordered by Conkerberry Road, Wudarr Bend, Magurr Nook, Gularr Street and Gunurru Lane.

- (a) The Department of Communities owns 14 dwellings in stage 4 of the Januburu Six Seasons Estate.
- (b) The Department of Communities manages 17 dwellings, of which eight are Government Regional Officer Housing dwellings, four are leased, four are non-government organisation dwellings and five are public housing dwellings.
- (c) One dwelling is owned by the Department of Communities and managed by a community housing provider.
- (d) The Department of Communities does not have access to this data.
