

MOORA RESIDENTIAL COLLEGE — BUILDING CONDITION ASSESSMENTS

**227. Hon MARTIN ALDRIDGE to the Minister for Education and Training:**

I refer to Moora Residential College.

- (1) What assessments have been undertaken by Building Management and Works at the college in recent weeks?
- (2) Will the minister table any advice provided by Building Management and Works arising from these inspections?
- (3) Given recent reports that the Parliamentary Secretary to the Minister for Regional Development, Hon Darren West, has agreed to provide access to the college to facilitate a non-government, independent assessment of the college funded by the community, has the minister now changed her mind and agreed to provide access?

**Hon SUE ELLERY replied:**

I thank the honourable member for some notice of the question.

- (1)–(2) A building condition assessment was recently undertaken by the Department of Finance’s Building Management and Works at the college as part of an overall assessment of all education facilities. The results of all the assessments are expected to be available by the fourth quarter of 2018.
- (3) I do not accept the premise of this part of the question. As previously stated, detailed reports on the condition of the college have been tabled and are available for review. These reports provide comprehensive information on the facility prepared by independent consultants.
