

METROPOLITAN RAIL NETWORK — MAINTENANCE

84. Hon KEN TRAVERS to the minister representing the Minister for Transport:

I refer to question without notice 65. Prior to the incidents occurring —

- (1) On what date was the high voltage return conductor cable last inspected?
- (2) On what date was it last subjected to a visual check by a crew in the area?
- (3) On what date did the booster transformers and associated surge arresters undergo a specific inspection?
- (4) On what date were they last subjected to a visual check by a crew in the area?
- (5) On what date was the last routine maintenance undertaken on the booster transformer?

Hon SIMON O'BRIEN replied:

I thank the honourable member for notice of this question. The Minister for Transport advises that due to the amount of information required to answer this question, it should be put on notice.
