

ROADS — MURDOCH DRIVE — EXTENSION

4055. Mrs L.M. Harvey to the Minister for Transport:

I refer to the Murdoch Drive Extension project, and I ask:

- (a) has a final design for this project now been approved;
- (b) was the final design approved by the Minister;
- (c) was the option recommended by Main Roads selected as the final design; and
- (d) if no to (c), why did the Minister approve a design that was not Main Road's recommended option?

Ms R. Saffioti replied:

- (a)–(c) Yes. The final design meets Main Roads' objective of providing reciprocal connectivity to/from the Murdoch Activity Centre from Kwinana Freeway and Roe Highway, while ensuring an equitable redistribution of local traffic on existing roads.
- (d) Not applicable.
