

SMARTRIDER PASSENGERS

293. Hon LINDA SAVAGE to the Minister for Transport:

I refer to an adult passenger without a concession card using a SmartRider.

- (1) What is the average fare paid for each trip?
- (2) What is the average number of trips made per week?
- (3) What is the average number of zones travelled on each trip?

Hon SIMON O'BRIEN replied:

I thank the honourable member for notice of the question, which I think was given on Tuesday, 18 May. This information was current then in respect to an adult passenger without a concession card using a SmartRider. If they are entitled to a concession, that is built into their SmartRider. They do not need to produce a card these days.

- (1) The average fare paid for each trip is \$2.58.
- (2) The average number of trips made per week is 6.1.
- (3) The average number of zones travelled on each trip is two.
