

POLICE — MOBILE SPEED HUMP PROGRAM

3310. Ms M.M. Quirk to the Minister for Police:

- (1) I refer to the State government's announcement in March 2009 of a four year \$ 2 million program to roll out mobile speed humps to combat hoon drivers and "rat runs" in the suburbs and I ask —
- (2) At what locations and over what periods has this speed hump/ s been deployed?
- (3) What is the total expenditure undertaken by government under this program since March 2009?
- (4) Is the program still operating?
- (5) If yes, how do police or local governments apply for deployment of such devices at a particular location?

Mrs L.M. Harvey replied:

- (1)–(5) This program is managed by Main Roads Western Australia and as such, the question should be directed to the Minister for Transport.
