

INDUSTRY CAPABILITY NETWORK WESTERN AUSTRALIA — SERVICE CHARTER

**384. Hon KATE DOUST to the Minister for Commerce:**

I refer to the “Local Content Report May 2012”.

- (1) Will the minister table the service charter between the Chamber of Commerce and Industry of Western Australia and the Department of Commerce in respect of the Industry Capability Network Western Australia?
  - (a) If no, will the minister provide the following information —
    - (i) objectives;
    - (ii) key performance indicators; and
    - (iii) other deliverables?
- (2) What is the total state government funding allocation to the Chamber of Commerce and Industry of WA for the ICNWA for budget periods —
  - (a) 2011–12; and
  - (b) 2012–13?
- (3) Will the minister table the ICNWA business plan for —
  - (a) 2011–12; and, if not, why not; and
  - (b) 2012–13; and, if not, why not?

**Hon SIMON O'BRIEN replied:**

I thank the honourable member for notice of the question.

- (1) There is no such service charter in existence. The information the member seeks is contained in the Industry Capability Network Western Australia business plan. This project is jointly funded by the state government, the federal government and major project proponents. On that basis there has been insufficient time to seek the approval of all authorities to release this document. I am not saying I am refusing it. I am just saying that for a question without notice for which only some notice was given, we do not have the time. If the member wants to place the question on notice, we can reconsider it in that light.
- (2)
  - (a) It is \$945 930.
  - (b) It has not yet determined.
- (3) (a)–(b) See (1) above.
