

SOUTH WEST — SECOND ACCESS ROADS TO TOWNS

6121. Hon Adele Farina to the Minister for Finance representing the Minister for Transport

I refer to the need for second access roads to Gracetown, Prevelly and Yallingup, and I ask —

- (1) With respect to each town, what is the current status of the work being undertaken by the working group(s) to assess options for a second access road?
- (2) With respect to each town, what options have been identified and what are the costs and benefits of each option?
- (3) With respect to each town, what is the timeframe for the working group(s) to provide advice to government?

Hon SIMON O'BRIEN replied:

Main Roads WA advises:

- (1) To date the working group has identified a number of potential options for alternative access and/or improved safety for each town and an initial assessment of these options identifying issues, effectiveness and achievability has been completed.
- (2) It would be inappropriate to advise the potential options being considered at this stage as they have not yet been finalised or even costed.
- (3) January 2013.
