

PLANNING — DESIGN WA

4032. Mrs L.M. Harvey to the Minister for Planning:

I refer to the comments by the Minister for Housing that he is a strong advocate for Design WA, and I ask:

- (a) is Design WA currently being reviewed as part of the planning reform process;
- (b) if yes to (a) will the Minister rule out putting the Design WA policy on hold and if not, why not;
- (c) is the Minister considering changes to the Design WA policy and if so, what are those changes; and
- (d) if yes to (c) who has been consulted with respect to those changes to the Design WA policy?

Ms R. Saffioti replied:

- (a)–(b) Design WA Stage 1 documents are being prepared to ensure they adhere to a fair, open, transparent and affordable planning system.
- (c)–(d) The Minister will consider the Stage 1 Design WA documents once they are received from the WAPC.
