

ELECTIVE SURGERY WAITLIST

**850. Hon SUE ELLERY to the minister representing the Minister for Health:**

I refer to Department of Health reports on monthly elective surgery waitlists and referrals to public outpatient surgical clinics.

- (1) Why has no monthly elective surgery report been published since 21 July 2016?
- (2) Why has no six-monthly referral to public outpatient surgical clinics report been published since 17 February 2016?
- (3) When will current or updated reports for these services be published?

**Hon DONNA FARAGHER replied:**

- (1)–(2) The elective surgery report and the referral to public outpatient surgical clinics report are being collated by the Department of Health.
- (3) The reports are expected to be published in September 2016.
