

DEPARTMENT OF EDUCATION — SAVINGS MEASURES

143. Hon DONNA FARAGHER to the Minister for Education and Training:

I refer to the minister's press statement on 13 December 2017 entitled "Education savings measures to help contribute to budget repair". Will the minister table a copy of all correspondence sent on 13 December 2017 from the Department of Education to schools, organisations and/or services whose activities and/or funding will be impacted by "savings measures to be introduced from the 2019 school year"; and, if not, why not?

Hon SUE ELLERY replied:

Yes. Unfortunately, I have not been able to get all the information together within the allocated time, but I give the member my undertaking to provide the information next week.
