

*Business of the House — Temporary Orders — Adjournment Debate*

**HON SIMON O'BRIEN (South Metropolitan — Minister for Transport)** [10.22 pm]: Before the house adjourns, I ask members to note a message I would like to relay from the Leader of the House, who is absent on urgent parliamentary business outside the chamber. It is his intention that the new temporary orders that were circulated to members yesterday will be considered and debated tomorrow as part of the business of the house. It is appropriate to advise members now to come prepared tomorrow to consider those matters; they are important to members on all sides. Hopefully, on that multi-partisan note, Mr President, we can all agree on the motion before us!

Question put and passed.

*House adjourned at 10.22 pm*
