

KWINANA FREEWAY — WIDENING

887. Hon KEN TRAVERS to the minister representing the Minister for Transport:

- (1) Why has it taken so long to complete the northbound widening of Kwinana Freeway around Murdoch?
- (2) As this project was scheduled to be completed in May 2012, what are the reasons behind the delay?
- (3) Why have there been extended periods without any work being done on the project?

Hon SIMON O'BRIEN replied:

I thank the honourable member for notice of the question. Main Roads Western Australia advises —

- (1)–(3) The widening works were originally scheduled for completion in mid-2012. However, Main Roads subsequently varied the contract to include additional works to improve traffic management in the Murdoch activity precinct.
