5020. Mr C.J. Tallentire to the Minister for Environment:

Following the Supreme Court decision *SAVE BEELIAR WETLANDS (INC) -v- JACOB [2015] WASC 482*, has the Minister sought advice from his Departments on other Environmental Protection Agency (EPA) assessments where policies were not applied and which might be at risk of challenge, and:

- (a) If so, how many cases were identified; and
- (b) will the Minister table the list?

Mr A.P. Jacob replied:

No. All existing environmental approvals remain valid, unless found invalid by a court.
