

MITCHELL FREEWAY EXTENSION — TRANSPORT SOLUTIONS

5556. Hon Ken Travers to the Minister for Finance representing the Minister for Transport

- (1) Is the Mitchell Freeway Extension Community Working Group only looking at road based transport solutions to congestion problems in Perth's northern suburbs?
- (2) If yes to (1), why are they not able to consider alternative solutions to the congestion problems?

Hon SIMON O'BRIEN replied:

Main Roads Western Australia advises:

- (1)–(2) At this stage, the Community Working Group is considering road based transport solutions for the northern suburbs, however in time, it may consider additional options.
