

MIDLAND RAIL LINE — RAILCAR SUPPLY

6383. Hon Ken Travers to the Minister for Finance representing the Minister for Transport

- (1) Has the Public Transport Authority identified any areas on the Midland to Fremantle Rail Line currently in need of additional supply?
- (2) If yes to (1), what are they and at what times of the day do they occur?
- (3) Is there a need for additional supply of railcars on the Midland to Fremantle Line to address these areas?

Hon SIMON O'BRIEN replied:

The Public Transport Authority advises:

- (1)–(3) Due to the current termination of the Midland line at Perth station, as a result of the Liberal–National State Government's Perth City Link project, it is not possible to identify current need on a line that does not exist.
