

PLUTO LNG PROJECT — MINISTERIAL STATEMENT 757 —FIVE YEAR PERFORMANCE REVIEW

1202. Hon ROBIN CHAPPLE to the minister representing the Minister for Mines and Petroleum:

I have had one of my questions redirected, and I hope it is not this one. I refer to ministerial statement 757 published on 24 December 2007, and the five-year performance review 2007–2012 of the Pluto LNG project published by Woodside in 2012.

- (1) Is Woodside still going ahead with the biosequestration project as required by ministerial statement 757 under the Environmental Protection Act 1986?
- (2) If yes to (1), could the minister give an update of the progress of this project?
- (3) If no to (1), why not?
- (4) If no (2), why not?

The PRESIDENT: Which minister has that answer?

Hon KEN BASTON replied:

Mr President, I do not have that answer; I have only 1236. I do not have a copy of that. If it comes in, I will bring it forward.

The PRESIDENT: I suggest that every minister and parliamentary secretary search their file, and you may be able to find that answer before the end of question time.
